

MADE IN THE USA

The Next Generation of Lighted Ear Curettes™

ClearLook™ Lighted Ear Curette™

The faster, easier, safer way to remove cerumen

FEATURES

- Designed for less obstructed view
- Secure finger placement is outside the line of sight
- Unique handle design promotes natural, comfortable grip
- Reference markers
- Uses both light and magnification
- Single-use to prevent cross-contamination

BENEFITS

- Accurate visualization of the ear canal
- Enhances visualization and efficiency
- Eliminates need for “three hands”
- Improves patient comfort and satisfaction
- Can dramatically shorten procedure time

Premium Performance in Your Hands

The Bionix ClearLook Lighted Ear Curette is designed to be a better, safer way for healthcare practitioners to remove ear wax/cerumen and foreign bodies. This new medical device offers enhanced visibility and control for safe, effective procedures.
