

Introducing Mun Sharps Containers

Safe Disposal, Sustainable Solution

Mun's new range of Sharps Containers combines safety and sustainability. Made from up to **75% recycled plastic**, they provide a safer, greener option for sharps disposal.

Durable Construction

Built from high-quality, puncture-resistant materials, our containers provide ultimate protection against needle-stick injuries.

Clear Fill-Line Indicator

Prevents overfilling and ensures safe disposal practices.

Secure Locking Mechanism

Ensures containers stay securely closed once full, reducing the risk of spills or contamination.

Wide Range of Sizes

Available in various sizes to meet the needs of any healthcare facility, from small clinics to large hospitals.

Easy-to-Use Design

Ergonomically designed for easy disposal of sharps without the need for direct handling, reducing risk for staff.
