| Triple Unit Connection<br>3 x Single Door Fridges  | N/A   | N/A   | N/A   | 20+ Hours   |

*Please Note: The F2600 Model can support two fridges, provided one fridge has a capacity of under 500L & the other has a capacity under 150L.*

*\* If these requirements are not met, only one fridge should be connected.*

*\* For larger fridge connections, the F3800 Model is recommended.*

**\*\* For customised run-time estimates based on your fridge capacity and power requirements, reach out to us at: [Ph: 1300 788 453](tel:1300788453) or [Email: sales@upsequip.com.au](mailto:sales@upsequip.com.au) \*\***
