

KleenSpec Cordless Illumination System

The Welch Allyn Cordless Illumination System is a unique design with enhanced features including bright, white LED light to help improve patient exams. The compact, efficient system offers on-time of 80 minutes that will get you through the day, and recharges in 6 hours. Standardise your facility with KleenSpec Cordless Illumination Systems and KleenSpec Disposable Specula to help please both your staff and your patients.

- For use with the KleenSpec Disposable Vaginal Specula
- No bulb replacement necessary, for reduced cost of ownership
- Compact LED light source with homogenous spot improves exam area visualisation
- No cord issues and on-time of 80 minutes, to help improve exam efficiency
- Automatic illumination when specula is attached / Once removed light goes off

Algerbrush II with 1mm burr

The worldwide standard for corneal rust ring removers. Dependable, versatile and easy to use

Foreign bodies in the eye can leave rust rings when removed. These rust rings are normally caused by a ferrous foreign body accidentally striking the cornea or sclera of the patient. When the foreign body (usually from a spark produced by a grinding wheel or welding torch) strikes the eye it sticks to the eye and eventually produces rust when combined with the moisture in the eye. The ALGERBRUSH II is used for the expressed purpose of removing these rust rings from the eye of a patient.

The ALGERBRUSH II has a very low torque motor powered by a single AA battery. The burr in this rotary instrument is used as a "brush" rather than a drill and the rust ring is thus "brushed" from the cornea or sclera leaving a smooth surface which in turn heals much faster than with other instruments which may be used for this purpose.

Algerbrush II with 1 mm burr	WWBR21	\$180.00
Spare Burr 1.0mm	AGRBU1U	\$23.75
Spare Burr 0.5mm	AGRBU5U	\$23.75
Chuck only	AGRCHUCK2	\$36.15

Medline Surgical Clipper & Blades

- Cordless, rechargeable surgical clipper features an ergonomic handle for greater comfort for the user and patient
- Helps maintain skin integrity with all moving blades away from the patients skin
- Easy to use and clean - Clippers are easy to attach and remove, and the clipper handle is fully submersible
- Nickel-metal hydride battery runs long for continuous maximum performance
- Table mount-in charger for upright charging / storing on table counter
- Wall plate / mounting included
- Three interchangeable blade attachments available

Surgical Clipper (clipper only; please order charger and blades separately)	MDL70801	Each	\$105.00
Charger & Base	MDL70802	Each	\$55.00
Blade, clipper, universal, gray Designed for all types of hair. Recommended for general surgery, cardiology and orthopaedics	MDL70880	Box/50	\$252.60
Blade, clipper, coarse hair, blue Designed for head hair and other very thick hair. Recommended for neurosurgery	MDL70885	Box/50	\$855.80
Blade, clipper, narrow blade, magenta Designed for hair removal in the groin and perineal area. Recommended for urology, labour and delivery, obstetrics and gynaecology	MDL70890	Box/50	\$269.85

3M™ Professional 9681 Surgical Clipper

- Blade helps prevent skin from being pulled into the blade
- Blade positioning minimises the potential for nicks or cuts
- Removes all types of hair in a single pass
- 120 minutes of use time on a 4-hour recharge

Surgical Clipper (clipper only; please order charger and blades separately)	3M9681	Each	\$232.05

Bionix Safe Ear Curettes

Bionix Safe Ear Curettes are flexible and make them safer than stainless steel curettes, reducing injury to the ear canal. Safely and gently remove cerumen with styles to match different types of wax and personal preference.

Adult **Yellow CeraSpoon**
Perfect for softer wax, especially in patients who produce excessive amounts of cerumen. 4mm
AUR6333 Box/50 \$114.65

Adult **Orange ControLoop**
The Orange ControLoop has a bent "Shapleigh" style tip that allows the wax to be pulled straight out of the ear canal. 4mm
AUR2999 Box/50 \$128.60

Adult **Red AngleLoop**
The Red AngleLoop has an angled tip that facilitates reaching the hard-to-get, tough cerumen common in older patients. 4mm
AUR3444 Box/50 \$117.00

General **White FlexLoop**
The White FlexLoop is an all purpose curette designed for normal curettage in a variety of patients. 4mm
AUR9555 Box/50 \$141.00

Youth **Purple VersaLoop**
The Purple VersaLoop has a smooth flexible tip that gives the user exceptional control while offering the patient more comfort. 3mm
AUR4111 Box/50 \$109.25

Youth **Blue InfantScoop**
The Blue InfantScoop is designed for smaller ears and may be used through an otoscope. 2mm
AUR4888 Box/50 \$115.45

Youth **Green MicroLoop**
The Green MicroLoop is more rigid in construction and is designed to remove tough, impacted cerumen. 3mm
AUR1222 Box/50 \$117.00

Variety Kit **Starter Pack**
(10/each style & 15/white)
Box/75 \$187.30 AUR5777

The Lighted Ear Curette™ with Magnification

The Lighted Ear Curette with Magnification brilliantly illuminates the ear canal eliminating the practice of blindly curetting the sensitive area.

Variety Pack
Includes all tip styles except CeraPik

Includes 1 Light Source and 1 Magnification Lens

Logic Puzzle

Use these clues to deduce which customer made which new equipment purchased on which day. Good luck!

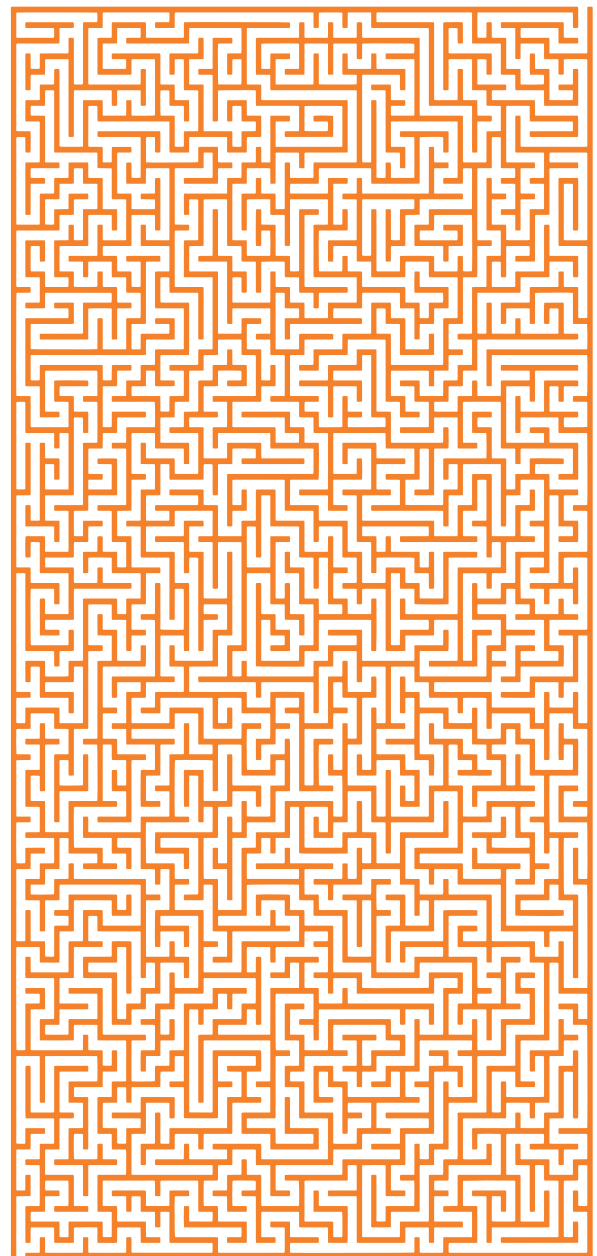

1. Tim purchased the vaccine fridge
2. Kellie doesn't work on a Monday
3. No nurses made a purchase on a day starting with T
4. The thermometer was purchased by a doctor
5. The product purchased on Friday is either a Dermatoscope or an Autoclave
6. The purchase on Thursday was not a Thermometer
7. The autoclave was purchased before the stethoscope and after the vaccine fridge
8. Gillian choose a beautiful raspberry coloured stethoscope
9. David made his purchase two days after Kellie
