## Meet our Team: Zach

From warehouse to customer service and Account Management, Zach has been with BP and Team Medical for over 13 years. This combination of roles, and basically growing up with his WA colleagues, means he is a wealth of knowledge and always happy to help.

Zach has a deep passion for dangerous reptiles and wildlife, particularly crocodiles and snakes. If he could, he would fill his house with them. He recently moved regionally to the Margaret River where he may spot some in their natural habitat.

Another Team member with a passion for sports & fitness, Zach loves basketball but will watch just about whatever is on. He also loves pushing the limits with his weight training at the gym!
