**IHL-2000 LED Wireless Headlight**

- Cable Free
- Quick battery change
- Uniform, Vivid Round Spot over run time
- Max 35,000 lux
- 7.5+ Hours Run Time (2.5+ hrs per battery)
- 37g of Lightweight with battery
- Touch sensor - on/off, 3 step bright control
- Fast USB C charging
- Compatible Adapters to fit most manufacturers' loupes

The system works without cables as it is directly coupled to a compact battery unit. For improved hygiene, the power and intensity of the light can be controlled via a touch sensor using a hand gesture. The system is very lightweight so as to reduce pressure on the nose, and it is attached to the loupes using a easy slide-on dovetail connector. The battery casing is available in two elegant colours; its finely ribbed surface structure adds sophistication to the design.

**Statement by red*dot* Jury:**

Its elegance makes the IHL-2000 headlight not only a valuable working tool, but also an extremely appealing design object.

**Wireless Headlight, 2 Battery Packs**
