ALL SITES OPEN AGAIN				

Place your order by December 9 to ensure delivery before Christmas

While your local warehouse may be closed during the festive period, you can still place orders as usual. Please note that processing and delivery times may be longer than normal during this period, so we strongly recommend placing your orders early to avoid delays.

Changes to Delivery Services

Leading up to Christmas there may be some disruptions to normal delivery times as our courier partners experience a significant increase in freight volumes. **To ensure delivery prior to the Christmas break, we recommend placing your order by Wednesday December 9.**

Cold Chain/Vaccine Orders

- Metro Areas - place your order by Friday, December 11
- Regional/Country Areas - place your order by Wednesday, December 9

Any orders placed after these dates will be processed in the New Year.

Thank you!

From our entire team, thank you for your continued support. We look forward to looking after you in 2027!
